

Instructions for completing the Application for Maternity Leave Form

1. Applicants should read the Maternity Leave provisions before completing this application. The policy, FAQs and examples of how this leave entitlement can be taken is located at <http://www.adm.monash.edu.au/workplace-policy/leave/parental/maternity/>.
2. To obtain a copy of the procedures or to receive assistance in completing this application please contact HR Operations on 9902 0400.
3. A medical certificate must accompany this application before it can be approved or processed.

Section 1 Leave Details

In this section you will enter details of the leave you wish to access. The start date for 100% Paid Maternity Leave will be the very first day of your maternity leave. Maternity leave should conclude no later than 52 weeks after that date, inclusive of University and Public holidays.

Leave Types

100% Paid Maternity Leave will pay 100% of your ordinary pay up to a maximum of 14 weeks.

60% Paid Maternity Leave can be accessed after 14 weeks of maternity leave, this entitlement will be calculated as follows:

38 weeks x weekly hours per Enterprise Bargaining Agreement (EBA)(Academic 36.25 hrs, General 36.75 hrs, Trades 38 hrs) x 60% x Fraction of employment

Full Time Academic Entitlement	826.50 hours paid over a 38 week period*
Full Time General Entitlement	837.90 hours paid over a 38 week period*
Full Time Trades & Services Entitlement	866.40 hours paid over a 38 week period*

* This equates to a payment of 60% of your ordinary rate of pay up to HEW 10 or LEVEL E over a 38 week period.

A staff member employed part-time is entitled to the maternity leave benefits on a pro rata basis.

60% Paid Maternity Leave can be topped up with 40% from your annual leave or long service leave entitlement; this will result in you maintaining your normal salary for the period you are on annual or long service leave. You must have enough annual or long service leave entitlement to cover 40% of ordinary hours worked for the period of this leave.

Unpaid Maternity Leave can be accessed provided that the period of paid and unpaid maternity leave does not exceed 52 weeks.

Part time staff must indicate hours and days worked in Section 1 to ensure correct leave is recorded and paid.

Section 2 Alternatives to receiving your entitlement to 60% Paid Maternity Leave

There is considerable flexibility in the way in which you may access the 38 weeks at 60%.

OPTION 1

After 14 wks maternity leave you may return to work and receive a lump sum or a fortnightly allowance in lieu of 60% Maternity Leave.

Total Hours paid for lump sum OR allowance can be calculated as follows:

No of weeks remaining of 60% Paid Maternity Leave x weekly hours per EBA (Academic 36.25 hrs General 36.75 hrs Trades 38 hrs) x 60% x Fraction of employment.

Return to Work Date is the first day you attend work after your absence on maternity leave.

End Date for Allowance is the date on which your allowance will stop. This date must be within 52 weeks of your first day of Maternity Leave

- Please note there may be greater tax implications for you if you choose the option of receiving an allowance or lump sum/

OPTION 2

After 14 weeks maternity leave you may wish to return to work and place your child in the care of a Monash Child Care facility. If you salary sacrifice child care fees payable to a Monash Child Care facility you may apply to receive an allowance in lieu of 60% paid maternity leave to the value of the child care fee.

The Start Date and End Date need to cover the period for which child care is sought upon returning to work after maternity leave. The end date must be within 52 weeks of your first day of Maternity Leave:

- You must instruct HR Operations to increase this allowance if the amount of the child care fee changes otherwise you will be responsible for the impact a change will have on your net pay;
- Any EBA increases or increments due during maternity leave will be applied to all leave payments and allowances paid in lieu of time off.

OPTION 3

After 26 weeks of maternity leave - Return to work on a part-time basis and use outstanding 60% paid maternity leave entitlement to increase the fraction you are paid, to do so you nominate the additional hours you want paid in lieu of 60% Paid Maternity Leave.

Hrs worked/wk are the number of hours you will attend work per week.

Top-up Hrs per wk are the number of hours you will be paid in addition to the number of hours worked. The top-up hours will reduce the balance of 60% Paid Maternity Leave entitlement.

Start Date and End Date will be the period for which you will receive the top-up hours. The end date must be within 52 weeks of your first day of Maternity Leave.

If you choose not to access all of your 38 week entitlement, the unused balance can be banked for use as salary payment during a future period of unpaid parental leave.
